NEWS OF OUR MEN and WOMEN IN UNIFORM

—Photo by John Craig

"This is different than the South Pacific" might well be the pleasantry exchanged in the photograph above of Marine Paratrooper Richard Bolger, left, and Larry Lombard, U. S. Navy, right. The boys met at Old Timers Night, February 17, given by Colma Vista Grande Aerie No. 1848, F. O. E., at Eagles hall.

When Bolger was on his way to the South Pacific, Lombard was on the ship which took Bolger's group to the fighting area. Both are members of the local Eagles and both have seen action in this war.

Bolger, now home on furlough, has two battle ribbons to complement his paratrooper's insigina.

Just to prove that Daly City men really get around Bolger reported meeting Captain Grant Smith in New Caledonia.

GOOD NEWS

The sort of good news only warweary parents can appreciate fully was in store for Mr. and Mrs. Al Gfroerer, 139 Vista Grande avenue, last weekend, when after two months of waiting they received word that their son, Private First Class **Bill Gfroerer,** had arrived at Oak Knoll hospital, Oakland, on February 11. In addition to the relief of knowing where he was, on their first visit to the hospital they were given assurance that Bill would recover completely.

He was wounded, in November, 1943, during the Bougainville invasion. In December his parents were notified by the War department that he'd been wounded in action but how badly or where he was they were not told. He was shot through both thighs and the lower right leg. His cast was taken off Monday, February 21, for the first time.

Marine Gfroerer has been awarded the Purple Heart. His parents report that he's a lot more interested in where the other Daly City boys are and what they're

Sergeant Rolley

Sergeant William S. Rolley jr., whose Daly City address was 179 Citrus avenue, has been sent from Camp McCain, Mississippi, to the **Aberdeen Proving grounds,** Maryland, to study diesel engines.

In reporting his change of address, he stated: "I enjoy reading The Record very much and wouldn't want to miss a single copy. Your paper is my only means of contact with my friends from Daly City who are in various branches of the service."

Red Cross Drive Will Open, March 1

Daly City is expected to respond whole-heartedly in the American Red Cross War Fund drive, which begins, March 1 and lasts one month. Quota for San Mateo county is $240,000.

Officials of the San Mateo County chapter point out that the Red Cross is carrying a far heavier load, this year, than last in the alleviation of suffering of the innocent abroad, and care of servicemen and their families overseas and at home.

In preparation for the month-long campaign, local churches have been asked to observe February 27 as Red Cross Sunday.

Campaign chairman for the Daly City area has not been designated as yet and details of local plans for the drive were unavailable, this week.

Schedule City Election, April 11

Daly City's general municipal election will take place on Tuesday, April 11. Two members of the city council and the city clerk and city treasurer are to be selected. Incumbents are City Councilmen John J. Fahey sr. and Edmund Cavagnaro, City Clerk B. C. Ross, and City Treasurer Mrs. Florence Stockton. Filing of nomination papers for the elective positions will close promptly at noon, Saturday, March 11.

Polls will be open from 6 a. m. to 7 p. m. at the following polling places: Company No. 5 firehouse, 337 Bellevue avenue; Company No. 4 firehouse, 101 Peoria street; Rancatore's place, 99 Evergreen avenue; Denning's place, 151 Wellington avenue; Company No. 1 firehouse, 188 Santa Barbara avenue; Iron's place, 4 Woodrow street; Company No. 2 firehouse, 498 Santa Barbara avenue; H. Walter's place, 229 Citrus avenue; Company No. 6 firehouse, 160 Werner avenue. The complete list of election officers was published in a city legal in the February 17 Record.

Registration for the city election closes, Thursday, March 2. Those who did not vote in the last state election or who have changed their place of residence **since then must reregister in order** to be eligible to participate. Registration may be made at the office of the clerk in the city hall, 75 Wellington avenue.

Hold Up Wit's End

Armed Trio Makes Escape With $700

More than $700 was stolen from Wit's End, 6055 Mission street, in a sensational day-time stickup, Friday morning, February 18. At 11:45 a. m. Bob Witt, proprietor, called Police Chief James G. Reardon to get the registration number of a car bearing license No. 30-G-734 as its occupants had just robbed him of a large sum of money.

The car drove up and parked in front of Witt's. Three men walked into the tavern. One of them pulled a gun and stuck it into Witt's ribs. The other two each kept a hand in his pocket as if he were armed too. One of the trio walked behind the counter and took the money from a shelf under it. Then, all three got into the car, made a U-turn on Mission and drove west on Rice street toward San Jose avenue. Tiny Britton also copied down the license number of the car.

Daly City police began immediate investigation and on Monday, February 21, at 9 p. m. Claude Lauttrall, 180 Octavia street, San Francisco, driver of the car used in the holdup was taken into custody by the robbery detail of the San Francisco Police department. The local department booked him enroute to the district attorney's office at Redwood City. Bail was set at $1,000 cash or $2,000 bond. He is to appear today, February 24, at 2 p. m. for arraignment.

Chief Reardon expected apprehension of the others involved shortly.

Other police news included recovery of two stolen cars, an accident, and a theft.

February 16, at 1:30 p. m. Mrs. Genevieve Rosenberg, 876 Brunswick street, reported that her Pontiac sedan, 1937 model, cream color, had been stolen from in front of her home, at about 1:20 p. m. The following day the car was recovered in San Francisco at Twenty-second and Potrero.

Officers August Benassini and Roy Beecher investigated an accident at the intersection of Mission and Market streets, February 17 at 7:40 a. m. Cars driven by Hugh Boyce, Burlingame, and Louis John Montobbio, 2054 Alemany boulevard, San Francisco, collided. Only property damage resulted.

At 11:20 p. m., February 19, Sergeant Ricco Benedetti and Officer Henry Sundermann jr. responded to a call from James Crudo at Hilltop lodge. The purses of two San Francisco women had been stolen when they left them in their booth while dancing. Approximately $25 had been stolen from each. The purses were later found on the premises but no clue as to who rifled them was discovered.

Sunday evening, February 20, at 7:15 Mrs. Bernstein, 1929 Junipero Serra boulevard, reported that an auto had been parked across from her place all day, apparently deserted. Officer Sundermann investigated and found it was a 1941 De Soto sedan which the San Francisco Police department had listed as stolen. It was placed in Daly City Garage and the following day, upon order from the S. F. P. D., was released to its rightful owner, E. Mulligan, 1355 Bay street, San Francisco.

Bond Purchases

During the Fourth War Loan drive, which concluded Tuesday, February 15, the **Daly City post office,** 6251 Mission street, sold a total of $7,237.50 in War Bonds and $3,265 in War Stamps.

New Ration System

Office Of Price Administration Outlines Various Features Of Program Of Advantage To Retailers, General Public

The Office of Price Administration has announced in detail how the new ration tokens will operate. Their outline of the situation follows:

1. Effective 12:01 a. m., Sunday, February 27, all BLUE and RED Stamps in Ration Book Four will have a flat value of 10 points each, regardless of the numbers 8, 5, 2 and 1 now printed thereon. BLUE stamps will be for processed foods; RED stamps for meat, fats and oils.

2. Because all BLUE and RED stamps in Book Four will have a 10-point value, "change" will be made with tokens. These will have but one value—one point each. A consumer who surrenders a stamp for a six-point purchase, for instance, will receive in "change" four tokens. There are BLUE tokens for processed foods and RED tokens for meats, fats and oils. Although stamps will continue to become valid and invalid on specified dates, tokens may be used at any time after the consumer receives them.

3. The tokens are slightly smaller in size than a dime. They are made of a special three-ply vulcanized fabric and are perfectly durable. Two billion have been ordered by the government—approximately half BLUE and half, RED.

4. Five BLUE stamps, for processed foods, will become valid every month, giving a total of 50 points per month as against 48 under the old system. Three RED stamps will become valid every TWO-WEEK period starting February 27, giving a total of 60 RED points every four weeks as against 64 points under the old plan. The change-over in systems, however, will not effect a decrease in the amount of rationed goods available to the consumer. Point values on processed foods and meats will be adjusted to the new 50 and 60 point allotments.

5. The first series of five BLUE stamps (50 points) will become valid on February 27. Thereafter, on the first of each month, beginning April 1, five more BLUE stamps will become valid. The first series of three RED stamps (30 points) will become valid on February 27. Thereafter, three additional RED stamps will become valid every two weeks. All series of stamps, both BLUE and RED, will be good for periods of approximately 12 weeks.

Validity Periods

Blue stamps—For Processed Foods

Stamp Number	Becomes Valid	Expiration Date
A8	February 27	May 20
B8	February 27	May 20
C8	February 27	May 20
D8	February 27	May 20
E8	February 27	May 20
Stamp Number	**Becomes Valid**	**Expiration Date**
F8	April 1	June 20
G8	April 1	June 20
H8	April 1	June 20
J8	April 1	June 20
K8	April 1	June 20

Succeeding series of five BLUE stamps will become valid thereafter on the first of each month.

Red stamps—for meats, oils and fats

Stamp Number	Becomes Valid	Expiration Date
A8	February 27	May 20
B8	February 27	May 20
C8	February 27	May 20
D8	March 12	May 20
E8	March 12	May 20
F8	March 12	May 20

Succeeding series of three RED stamps will become valid thereafter every two weeks.

As these charts indicate, stamps will have a validity period of approximately 12 weeks, giving consumers longer periods in which to use their stamps.

It will also be noted that, under the new plan, stamps will be detached ACROSS the page instead of from top to bottom. This change will save time at the checker's counter.

With ALL stamps worth 10 points each, point-shopping will become easier, more readily understandable. Tokens of one-point value will be given as "change" when purchases do not add up to exactly 10, 20 or 30 points.

These tokens may be given to other members of the family to spend at any time, thus making it possible for two or more members to shop at the same time and at separate shops.

Stamps will be good for longer periods while tokens, received as "change," will be good indefinitely.

Faster service at stores, because the making of change with tokens will speed up computation at the checker's counter.

Because ration books will be made to last twice as long, consumers will not have to apply for new books as frequently.

A decrease of 60 per cent in the amount of stamps to be handled is anticipated for the retailer. Only 11 stamps per month, per person—five for processed foods and six for meats—will be required as compared to 28 coupons per month under the old system.

There will be a saving of untold hours spent in sorting and posting stamps according to their 8, 5, 2, and 1 point values. Under the new plan, dealers will simply sort their stamps only according to color—red or blue—because all stamps will have a 10-point value.

On February 27, when the new simplified "token plan" goes into effect, several stamps which will have been made available previously still will be in use. These stamps are GREEN stamps K, L and M in War Ration Book Four, and BROWN stamps Y and Z in War Ration Book Three. All these stamps will remain valid until March 20, 1944.

These stamps, however, WILL NOT have a 10-point value as will the BLUE and RED stamps in Book Four. They will be used in accordance with the procedure used at present—retaining their respective 8, 5, 2 and 1 point values. Tokens will be given in change when purchases are made with these stamps.

Consumers will not be permitted to "cash in" BLUE and RED stamps for 10 tokens.

"Girl Crazy" Now At Daly City

Mickey Rooney and Judy Garland are teamed together for the eighth time in Metro-Goldwyn-Mayer's lilting filmization of the smash Broadway hit of a few seasons ago, "Girl Crazy," now playing at the Daly City theatre.

The original Gershwin score is retained and played by none other than Tommy Dorsey and his band. Judy sings the favorites, "Bidin' My Time" and "Embraceable You" among many others, and dances two production numbers, proving the young singer is fast becoming one of the best dancers on the screen today.

It's Mickey Rooney's fondness for night clubbing and girls that causes his father to send him to Cody college in Arizona, in the hope Mickey will reform. Mickey arrives in Arizona to discover Ginger Gray, played by Judy, granddaughter of the dean, is the only girl at the school. He falls in love with her promptly, but Judy wants nothing to do with the tenderfoot quitter. Mickey shows his true character when he decides to stick it out, and Judy relents. When the school is about to be closed for lack of enrollment, Mickey plans a rodeo carnival. The publicity brings an avalanche of new applications. Cody college is saved and both Mickey and Judy are happy.

Several young newcomers are introduced for the first time to support the Garland-Rooney team. They are June Allyson, Gil Stratton, Nancy Walker and Robert A. Strickland, all of the Broadway stage. After their performances in "Girl Crazy" it's a cinch they're in Hollywood to stay. Among the screen veterans "Rags" Ragland, Guy Kibbee, Howard Freeman, Henry O'Neill and Frances Rafferty contribute outstanding characterizations.

Current Daly City Theatre Attraction

Although Dean Phineas Armour (Guy Kibbee) sees no hope of Cody college continuing because of a marked drop in attendance in M-G-M's "Girl Crazy," Mickey Rooney and Judy Garland, the dean's granddaughter, bring a new ray of hope when they tell of their plan to stage a mammoth rodeo, which results in new registrants by the score. The picture, which also features Tommy Dorsey and his band, comes tonight to the Daly City theatre.

doing than he is in recounting what happened to him. He is allowed to have visitors at Oak Knoll between 1 and 4 p. m.

Cfroerer had been overseas with the U. S. Marines for nearly two years. He was a member of the Daly City Band and for some time worked at the Daly City Record.

Captain Smith

Captain **Grant R. Smith,** son of Mr. and Mrs. Ronald Smith, 258 Templeton avenue, Daly City, was recently awarded two Oak Leaf Clusters to the Air Medal for ten 13th AAF fighter sorties in the South Pacific from July 12 to July 20, 1943, and as an element leader from July 21 to August 4, 1943.

The presentation was made at a South Pacific airfield where thirty-three 13th AAF Fighter Command pilots and radio operators were decorated for gallantry in aerial action against the Japanese.

The citation stated: " . . . for meritorious achievement while participating in sustained combat operational missions. Flights were of a hazardous nature during which there was traversed an area where enemy anti-aircraft fire was effective, or where enemy airplanes or exposure to enemy fire was habitually expected and in numerous instances encountered. He exhibited great courage and untiring energy; his services reflecting highest credit on the military forces of the United States."

Captain Smith, who has been in the South Pacific combat since last April, just arrived home two weeks ago for a well-earned furlough.

Our boys must keep on fighting—we must keep on buying WAR BONDS until victory is won. Keep on BACKING THE ATTACK.

Name New Member For Draft Board

In spite of the Washington Birthday holiday, Tuesday, February 22, Daly City Draft Board No. 103 held its regular weekly meeting, that evening.

Early this week the board office in the city hall received word that a new member had been appointed by Governor Earl Warren to serve on Daly City Board No. 103. He is Otto Schramm, 262 Chestnut street, San Carlos.

On Saturday, February 26, the four men whom the local board is

STUDENTS SELL BONDS

Pupils in the Jefferson School district, among Daly City's most enthusiastic War Bond salesmen, accounted for $10,909.75 in last minute sales of bonds during their 5-day mopup drive, February 11 to 15 inclusive. Quota had been set at a $25 War Bond for each pupil enrolled. The local school district reached 50 per cent of their goal, with 401 pupils selling bonds.

Beverley Keagle, pupil at Woodrow elementary and daughter of Mr. and Mrs. Eugene Keagle, 64 Wilson street, led the entire district with sales totaling $1,225.

Here's how the individual schools stood: Jefferson grammar, $2,525; Crocker, $1,293.75; Thornton, $220.25; Woodrow elementary, $4,677; Woodrow primary, $1,612.50; Pershing, $581.25.

To a man who'd like to be a railroader

Trains. Locos. Railroad talk. Southbound. Northbound. Hot freights. War materials. Troops moving. That's the railroad. And that's the kind of thing that somehow gets in your blood when you're a railroader, makes your job seem just a bit more exciting, a bit better than the other fellow's. Now all this is leading to a straight-from-the-shoulder proposition: If you want a good job (and we mean a good job), Southern Pacific has one for you. We have an opening for you as Yard Clerk—a job not too easy to get in ordinary times. A job with plenty of opportunity to get ahead. Now you don't need experience, just commonsense. The work: checking cars in the yards, keeping car and seal records in the yard office. A good gang to work with. Good pay. Railroad pass privileges, fine pension plan. Liberal age limits. And above all, a job with a big, permanent company. We think you'll like it. Why not come in talk it over?

DISTRICT CCPT HONORS FOUNDERS

Seventeenth district, C. C. P. T. honored the founders of the organization, Thursday, February 17, when they met at Taylor Boulevard school in Millbrae. Mrs. L. E. Sutherland, State character education chairman of Pasadena, gave an interesting talk on "The Best Things."

She said, "The primary purpose of all education is character development; most people crave happiness for their children." She maintained that service for others brings greatest happiness.

She gave three requirements for character growth in our young people: "First, we must have homes where there is love; second, we must be the patterns for the kind of boys and girls we want our children to be; third, as parents and as teachers, we must give our children the right to believe in a Divine Being. This third is the most important requirement if we expect them to create a better world."

Mrs. L. G. Owen, first president of the district led the flag salute assisted by the Millbrae Y. M. C. A. drum and bugle corps. Mrs. E. I. Bartlett, another past president, gave the character thought. Mrs. Floyd Huff extended greetings in the absence of Mr. E. E. Kuhn, Millbrae school superintendent, who was ill. Music by the school orchestra and glee club was directed by the music teacher, Miss Marjorie Mears.

Mrs. Stella Jensen presided at the business meeting. It was decided to send six delegates from this district to the one day State convention in May. Mrs. George Bruns announced the membership to date to be 5,187, an increase of 58 over last year's total. Publicity books are to be turned in to Mrs. Raymond Ellis, San Mateo, or Mrs. P. D. Bordsen, Daly City, for judging.

Mrs. F. M. Stanger, Founder's day chairman introduced five past presidents.

A minuet in costume and a group of folk dances were given by the school pupils, accompanied by the orchestra. Luncheon was served by the local Red Cross canteen.

BETHEL NO. 26

Bethel No. 26, Order of Job's Daughters, 2668 Mission street, is holding visiting Bethel's Night, tomorrow evening, February 25. Honored Queen Gloria Hansen will preside.

The Mothers' club is furnishing the refreshments and a grand evening has been planned for all visiting members of Job's Daughters.

NO-POINT, LOW-POINT

A program to encourage the greater use of foods which require few ration points, or no points at all, will begin about March 1.

It is the aim of the War Food Administration, which is sponsoring the program, to show American housewives that a good "eating standard" can be maintained even though they pass up the "high point" items in favor of the more abundant edibles.

America's food marketing system which has attained great efficiency through the streamlined, mass distribution methods of multi-unit retail stores, brings to Mrs. America the best food available at low prices. But to gain the full advantage of this service under wartime conditions, she must know how to make her ration points "stretch." The "low-point, no-point" campaign will give her this information.

J. Sidney Johnson, advertising director of the WFA, declared, "If housewives build their meals around more plentiful foods, they are making a practical contribution to the job of making rationing work, because they are easing the pressure on the rationed foods."

This campaign will also serve to help the farmers by stimulating the demand for the more abundant foods.

Buying low-point foods may not impress the average housewife as a very dramatic part in the war effort. Yet such cooperation is one of the many things that go into the pattern of an earlier victory.

DON'T HOARD LIVING SPACE

Finding a place to live in California's overcrowded war production centers continues to be a vexing problem for the thousands of people pouring steadily into our state.

The National Housing Authority has built tens of thousands of housing units in California during the past several years. Vacant stores have been converted into living quarters. But in spite of these measures, the demand for accommodations still greatly exceeds the space available.

Obviously, it will require the fuller use of existing facilities to meet this situation more adequately. That is why crowded communities are continuing to urge home owners to rent spare rooms, or to fix up the attic or basement so they can be used. In support of these efforts, the resources of California's statewide branch banking institution are available to aid in financing home repairs or improvements which may be necessary to provide living quarters.

Such loans at low interest rates enable the borrower to repay out of the rent he receives. At the same time he improves his property, increases his income, and helps the war effort.

Few things are more disheartening to war workers than inability to find a comfortable place to live. So let us not hoard living space. Let us share with those who are working to speed victory.

THE ROAD TO DESTRUCTION

One of the most pernicious beliefs that has come out of this war is the idea that since we have been able to achieve full employment and high wages producing armaments, there is no excuse for not achieving the same goals in peacetime by producing a flood of automobiles, refrigerators and luxury gadgets ad infinitum.

When asked the question, Why does it always seem easy to find money to prosecute a war, and so hard to find it to win the peace? Dr. Harley L. Lutz, professor of public finance, Princeton university, replied: "The peace economy must remain solvent. A war economy doesn't have to remain solvent, and usually is not solvent. When we get into a war, we give the government complete dictatorial powers over everybody. It can conscript labor; it can force men to work; it can set wages; it can confiscate income and property; it can suspend all rights. The so-called war prosperity rests on this foundation of actual, although perhaps not nominal slavery."

We have consented to these things because the war must be won at any price. But tax spending for the mere sake of spending, as was done during pump-priming days, must end. Normal expenses of government must be cut to the bone and people must be taught to save. Either that, or we are on the road to destruction though we win the war.

1944 Folies Bergere To End Spectacular Run At Winterland

Clifford C. Fischer's dazzling Folies Bergere of 1944, which held its world premiere at Winterland in San Francisco, will end its spectacular run in less than two weeks, it was announced today by the show's producers.

The gay two-and-one-half hour show, which has delighted audiences at nightly and Sunday matinee performances, is now in its thirteenth week.

Fischer's giant extravaganza, more lavishly and colorfully produced than any previous Folies Bergere, presents a cast of 120, including a galaxy of world-famous vaudeville performers and 80 beautiful girls. An abundance of fantastic properties, and hundreds of extravagant and colorful costumes were created especially for the 1944 show.

Gorgeous fantasy, saucy French comedy, slapstick and the thrills of a circus were combined by Fischer and his staff of theatrical experts for the new Folies.

Winterland's management announced today that tickets for the last two weeks may be secured by mail order by writing to Winterland, Post and Steiner streets, in San Francisco.

Bay Area Enlistees Enjoy Farewell Party

An anniversary party was celebrated in the La Junta, Colorado, U. S. O. club by more than 300 of the original 960 San Francisco Bay area enlistees who came by troop train late in 1942 to help make this AAF Training Command field hum.

In the hall decorated with California's blue and gold they danced and dined with wives and girl friends and swapped yarns about their basic training, taken here during this airfield's embryo stage, and recounted the party which climaxed their schooling as soldiers. At that time they dubbed themselves the "California Volunteers."

The contingent came from San Francisco, Oakland, Berkeley, San Jose, Palo Alto, Redwood City, San Mateo, Burlingame, Daly City, Alameda, Hayward, San Leandro, Richmond and Vallejo.

The volunteers, all inducted at San Francisco, enlisted in answer to a plea for Army Air Force mechanics and technicians. Most of them have occupied mechanical, technical and clerical duties connected with the advanced pilot school since mid-December, 1942. Nearly 400 have gone overseas, to other fields or to Army Specialized Training units.

READING and WRITING

Since Pearl Harbor, little creditable information has seeped out about the happenings inside. Germany. This veil is in part lifted in "Behind the Steel Wall" by Arvid Fredborg, who was Swedish correspondent in Berlin from February 1941, until May, 1943, when, having fallen in disfavor with the Nazis, he was forced to leave.

ARVID FREDBORG

Among the sensational stories Fredborg tells is one about the death of Heydrich, the Hangman. Heydrich, he reveals, was murdered, not by the Czechs, but by three fellow S.S. officials. They had stolen a fortune in Poland, but Heydrich had taken it away from them for himself. They murdered him out of revenge.

One of the more unsuccessful propaganda devices of the Germans was the opening of an exhibition, called "The Soviet Paradise." This was a "warranted genuine" collection of Russian dwelling places—horribly squalid outhouses filled with rags—brought from Minsk, it was declared. After the close of the exhibition a joke went the rounds in Berlin: "Why did they close the Soviet Paradise?"—"Because the people in North Berlin wanted their things back."

In Vienna, which Fredborg visited in February, 1943, he read this item in the classified columns of a daily newspaper: "Anything useful as food in exchange for a large number of portraits of the Fuehrer."

* * *

Speaking of "Der Fuehrer," Konrad Heiden, in his book similarly titled, says the original title of "Mein Kampf" was "Four and a Half Years of Struggle Against Lies, Stupidity and Cowardice." Back in 1919, according to Heiden, Corporal Hitler served as a stool pigeon against his fellow soldiers in the Munich revolution. A few years later he spent three years in a Viennese flop house. The future No. 1 Nazi, it seems, was too proud to earn his own living.

"Evil incarnate might be the sub-title of this book," reports Dr. Henry Seidel Canby for the Book-of-the-Month Club, which selected it. In "Der Fuehrer," Heiden, who knew Hitler in the days when he was a political joke, and his "movement," a motley collection of crackpots and hoodlums, presents an authoritative and devastating picture not only of the fuehrer, but of the whole foul business called National Socialism.

On the bombed and ruined streets of Warsaw one bitter afternoon in December 1940, was found the emaciated body of one of Poland's most beloved poets and story-tellers, K. P. Tetmajer. Now available to American readers is a collection of Tetmajer's wonderful stories, "Tales of the Tatras."

Overnight Parking Offenders Decrease

Judge William J. Sweeney reports that overnight parking violations have decreased markedly since the campaign launched jointly by himself and the Daly City Police department got under way a little more than a month ago. Offenders now represent those who are honestly unfamiliar with the city regulation which prohibits parking of autos on local streets between 1 and 6 a. m. for longer than one hour.

At Friday's court session in the city hall, only three overnight parking cases came before the judge.

A juvenile offender from San Bruno was certified to county juvenile court from Daly City traffic court for speeding and curfew violation. Charles E. Tabor and John Hollers each paid a $10 fine for infraction of City Ordinance No. 209. Allen Burns, San Francisco Auto court, was fined $5 for speeding with $2.50 suspended.

JOINS LIONS

Frank A. Reynolds, proprietor of Milo's Grocery department, has become a member of the Daly City-Colma Lions club, according to Secretary R. L. Crane jr.

The Lions club meets every Wednesday at noon at Colonial Drive Inn.

March 15 Gets Closer Every Day

There are just no two ways about it—March 15 is getting closer! If you're one of the thousands who have not as yet filed your income tax return for 1943 you'll want to know when deputy collectors will be available to help you in preparing your report.

At the Colma branch, Bank of America, a representative of the Collector of Internal Revenue will be on hand, Friday, Saturday and Monday, February 25, 26 and 28, while at the Daly City branch, Bank of America, such service will be available Tuesday, Wednesday, Thursday, and Friday, February 29, March 1, 2, and 3, during regular bank hours.

AT SERVICEMEN'S CLUB

Next week, hostess organization at the Daly City Servicemen's club, 6201 Mission street, will be the Mothers Club of Our Lady of Perpetual Help school.

Currently, members of the Stitch and Chatter club are in charge. On Saturday evening, February 26, the regular dance will be held with a pleasant evening of music and fun in store for the boys.

Railroaders with their THINKING CAPS on

Here we tell you about some good ideas thought up by the people of our railroad to help Southern Pacific carry its greatest traffic load in history. Such ideas contribute directly to Victory, because the railroad is the war industry all other war industries depend on!

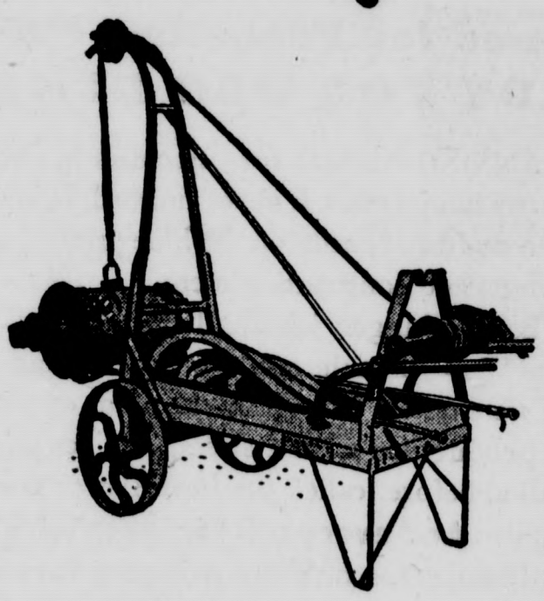
Only a few of the ideas received in recent months are presented here. And some of the devices shown can be fully appreciated only by railroaders. But these ideas have a common denominator everybody will understand: *All represent better ways to run a railroad!*

Back in the 1860's our railroad itself was a new idea. The first Southern Pacific tracks were built largely into virgin, sparsely settled regions where great cities later grew.

And through the years the S.P. "family" has steadily pioneered such new ideas in railroading as low coach fares; moderately priced meal service in dining cars; and store-door pickup and delivery for less than carload freight. We operate more air-conditioned cars than any railroad west of the Mississippi. Even today, in wartime, our hard-pressed streamliners are still the nation's most beautiful trains.

You can be sure that S.P. men and women in the shops, yards, offices, stores and on the trains will continue their constant search for improved methods of railroading.

In this spirit of enterprise we find stimulation and encouragement for the future. Then, as now, good railroad transportation will be needed . . . and we know that railroaders with their thinking caps on will do their part to provide it. S.P. is planning for peacetime progress NOW!



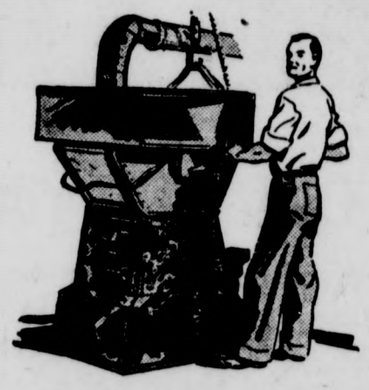
THESE FOUR MEN worked out a horizontal airjack which saves delay to flat cars and manpower in blocking of flat cars into rigid units for loading with long piling. S.P. District Car Service Agent J. E. Whalley of Eugene (third from left) conceived the idea. Car Foreman W. H. McAllister (left) built first working model. W. E. Jackson drew blueprints for another at Eugene, where Master Car Repairer W. B. Medill (right) produced a second working model. Device improves on manually operated track jacks used for same purpose

Watering of passenger cars has been simplified by specially-shaped extension pipe suggested by General Car Foreman C. H. D. Hansen of S.P.'s Mission Road Coach Yard. Method eliminates ladder and need to climb up on top of car to fill water tank

Two hours time daily is saved by this device developed by S.P. Machinist Dow Nichols of Bakersfield. His idea involves a centering attachment for driving box boring mill. Machinists see this as a valuable contribution to good workmanship

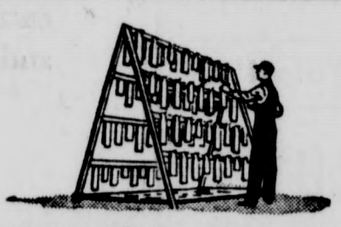
To extract journal bearings more easily and minimize danger of accidents, E. P. Morgan, S.P. Electric Welder of the Los Angeles Car Department, worked out this ingenious and specialized tool

Ideas for improved production of brake shoes which saves 156,000 pounds yearly of critical metal formerly scrapped was suggested by Charles Walls, General Foreman of S.P. Blacksmiths at the Sacramento Shops



Increased reclamation of war-vital zinc from used batteries, now S.P.'s only source of zinc, is made possible by idea of Wayne Ramsey, Reclamation and Welding Foreman at Sacramento General Stores. By Ramsey's method, adapting the hammermill, 400 pounds of zinc are produced daily against 100 pounds by former method. Hammermill rips open the zinc covering and breaks up carbon. Zinc pieces and crushed carbon are run through tumbler where carbon falls through perforations while zinc remains behind

Greater accuracy, with saving of time and effort, is made possible by jigs developed by S.P. Machinist Earl Eckenberg at Los Angeles Shops. Jigs center alternator and pump motor heads for boring and fitting bushings



Issuing train tickets to the public is speeded by this stockroom holder for ticket forms devised by Bob Steinbach, S.P. Ticket Clerk. Tickets hang from spindles, in logical order, permitting quick identification and handling

To keep passengers posted as dining car seats become available, reducing wartime waiting-in-line, Conductor E. M. Benson suggested announcements over loudspeakers on S.P. *Daylights*. Our Conductors often contribute ideas

Tips On Saving Household Fats

If you are heeding the plea of the government to save used household fats so that they can be converted into the munitions, medicines, and accessories of war, you will want to know that:

1. Your retail butcher will pay you 4c and two meats-fats points for each pound you sell to him. He will give you no points for less than one-half pound. One pound and five ounces, for example, will be worth only two points, but one pound and eight ounces will be worth three points.

2. Your butcher will weigh both the can and the fat. To determine the weight of the fat, he will then subtract the weight of the can you have used.

3. The payment of meats-fats ration points can be made only to housewives, operators of boarding houses for fewer than 50 persons, and other consumers. Retail meat dealers, restaurants, army camps, post exchanges, ships, manufacturing plants, and all other establishments will not be paid points for their waste fats. Retailers, however, will be reimbursed for the points they give to consumers by the renderers or collectors to whom they sell their fats.

4. Fats should be melted and strained. Fat cut from meat, but not melted, is not acceptable.

5. Fats should be kept in clean tin cans. Glass containers are breakable, and the retailer need not accept them. The tin cans are salvaged after the fat is removed.

6. Fats that are highly discolored, burned, highly flavored, or strong in odor are just as satisfactory as clean, sweet-smelling fats.

Seek New Enrollees For Chemical Analysis

In dozens of the laboratories of war industries of California there are men and women from the 12-weeks Chemical Analysis Training at Stanford university, doing interesting work that is important to the war effort. For high school graduates with one year of chemistry and one year of algebra, this tuition-free training offers quick, inexpensive preparation for good positions at beginning salaries ranging from $150 to $225.

A new course will begin on the Stanford campus, March 27. Those interested should send a postcard inquiry to War Training Office, Room 267, Engineering building, Stanford university, at once.

A poster about this course may be found at the local library and post office.

Married At Our Lady of Perpetual Help Church

—Photo by Gabriel Moulin Studios

At a double ring ceremony performed by Father Adrian McKenna at Our Lady of Perpetual Help church, Saturday evening, February 5, at 7 o'clock, Miss Doris De Vincenzi became the bride of Frank L. Pelletier jr. A dinner party for the relatives and friends followed at the Claremont hotel in Berkeley. After a honeymoon up north the couple returned to make their home in San Francisco.

The bride is the daughter of Mr. and Mrs. L. M. De Vincenzi, 280 Hillcrest drive, and the sister of Roy De Vincenzi, U. S. Army, now somewhere in India. She was a charter member of Alpha Lambda Chi sorority at San Francisco junior college.

She wore a white satin gown with a yoke of shirred chiffon. Her head piece was Queen of Scots style in chiffon. She carried a bouquet of old fashioned gardenias. Maid of honor was Miss Margaret Meader of Dominican college, San Rafael, who wore ice blue brocade with matching hat and carried an old fashioned coral bouvardia bouquet. Best man was Jack Sheehan, San Francisco, and usher was Leo Allaert.

The groom is the son of Mr. and Mrs. Frank Pelletier, 175 Rolph street.

High School P. T. A. Board Meets Mar. 2

The executive board of Jefferson Union High School P. T. A. will meet at the home of Mrs. James Ferguson, 86 Moltke street, Thursday, March 2, at noon. Luncheon will be served board members, who will make plans for the regular unit meeting, Thursday, March 9. Co-hostess with Mrs. Ferguson will be Mrs. Lillian Thomey.

After the luncheon and business meeting, a public whist party will be given, starting at 2 o'clock. Local whist players are cordially invited to attend.

The night meeting in honor of Founders Day, held at the high school, February 15, proved very successful with a large crowd in attendance. Mrs. Ida Hanley, president of the high school unit, thanked Mrs. Anne Eason, program chairman, for her splendid cooperation, and all other participating P. T. A.s and individuals who helped with the success of the observance.

Pershing Nominating Committee Will Report

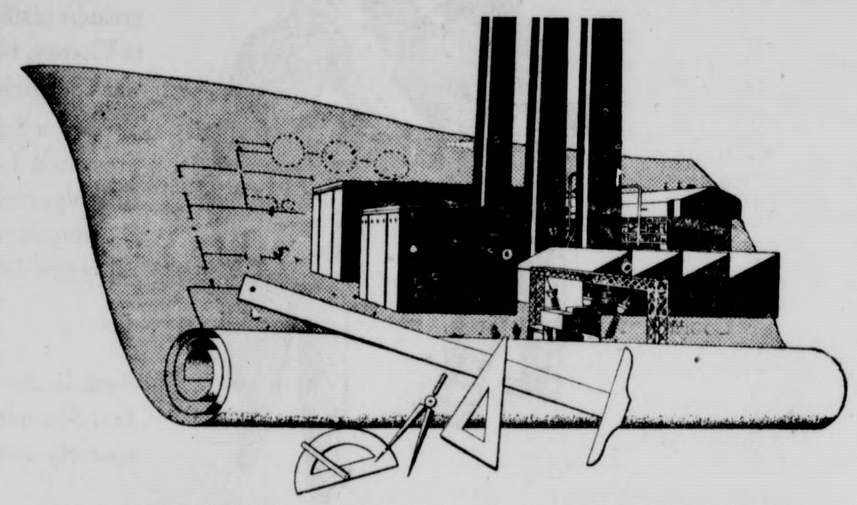
The nominating committee of General Pershing P. T. A. will meet tomorrow, February 25, 1 p. m. at the home of Mrs. Mildred Rasor, 173 Templeton avenue. Its report will be made at the regular unit meeting, Tuesday, March 7, 1:30 p. m. at Pershing school.

Topic for the March meeting will be "We Pledge Alertness and Safety." Speaker will be Mrs. W. J. Hayes, San Mateo County Traffic Safety commissioner. The class demonstration will be given by pupils of Mrs. Margaret Clarke. The Citizenship committee will be featured.

On Friday, February 25, the unit will hold a popcorn sale at the school with Mrs. Vera Cerrito as chairman.

At the Tuesday evening, February 15, joint Founders Day meeting Pershing unit supplied several numbers on the program. Paul and Joan Derrick sang, Arleen Pool did a tap dance, and Lorraine Bergstrom gave a violin solo.

Electric Power Meets Wartime Needs



Planned for Peacetime Progress
READY FOR WAR DEMANDS

PLANNING AHEAD for customers of this company is a job that is never finished. It is always on the drafting boards, on the blue prints and with engineers and construction men.

When the biggest job of all came along—A Nation at War—then the results of foresight and planning were tested. To supply the needs of "all-out" war production with a speed and scope never equalled before, called for Peak Power from this company. **And every call for electricity from war industries and the military forces has been met promptly and in full.**

Like the logistics of army supply, an electric system must also have carefully planned sources of supply, strategically located, together with available reserves. Thus this company has 64 electric plants with interconnected switch-over facilities serving Northern and Central California. Among these 64 powerhouses are 13 steam power plants to supplement the electric load on its hydro power plants. One big dam, or one big powerhouse or two, could not dependably supply the demands of progressive California.

We ask the continued cooperation of all customers to conserve and save electricity, because military and war industry needs come first.

Publish Essay Of Contest Winner

The Record this week publishes the Lincoln essay which won first place in the Jefferson Union high school competition. It was written by Barbara Blecher and read to classmates in an assembly program, Tuesday, February 15.

Each year, essay contests are held in the high school and public grammar schools to determine winners whose names will go on the Lincoln plaques presented by Arthur J. Bodien, city official, and Lincoln enthusiast. In the elementary school division, June Wilmoth won first place. Her essay appeared last week.

Abraham Lincoln

By Barbara Blecher

During one of the most trying times in the history of the United States there came before the public a man who now is known as "The Great Emancipator." Today we think of him as a great and noble character, as the man who preserved the unity of the states. We think of him as one of the greatest of all symbols of American democracy.

Yes, Lincoln was all these things, but we do not stop to consider all that confronted him when he first entered the White House as the sixteenth president of the United States.

We are all familiar with Lincoln's early life, and we know that the hardships and privations he encountered as a youth played a most important part in molding the character of the man.

In 1854, when the agitation over slavery had reached dangerous heights, Lincoln took an active part in politics. He joined the new Republican party and became its candidate for Senator from Illinois. During the campaign occurred the famous Lincoln-Douglas debates on slavery. Although he lost the election to Douglas, Lincoln became a national figure, and, in 1860, became president of the United States. By the date of his inauguration, seven states had seceded from the Union.

Looked upon at first as an uncouth outsider by those who were to comprise his cabinet, it was with great control and understanding that Lincoln won their cooperation and respect. Even then he was hampered by early military reverses, and was beset on all sides by radicals, conservatives, by Southern sympathisers, and by abolitionists.

As war-president, Lincoln, despite his early uncertainty and lack of military knowledge, proved his greatness amid a crisis that threatened the very existence of the nation.

Lincoln pursued with unflagging energy and profound faith, the task of restoring and preserving the Union. Although this was at first his sole aim, the abolition of slavery was added as a war measure, and Lincoln became the emancipator of the black race.

As the war drew to a close, Lincoln continued to express the generous and conciliatory attitude of his famous Gettysburg address. He looked forward to the day that would see the North and the South no longer bitter enemies. Lincoln hated war, but he loved his country and his people and made every effort to bring about a peace that was agreeable to both sides. He was re-elected as president in 1864, and with the increase of Northern victories, he hoped for brighter days ahead.

The war between the states ended on April 9, 1865. Five days later Abraham Lincoln was dead . . . shot by John Wilkes Booth, a fanatical advocate of secession.

Lincoln, with his quiet, gentle humour, and his complete understanding of those about him, was murdered. He, who had so earnestly looked forward to a future that would see the United States once more a single unit, was deprived of this privilege by an assassin's bullet.

Today Lincoln holds the uncontested position in American history of being the most human and sympathetic of all our presidents, Abraham Lincoln, who so desired to see man exist "with malice toward none, with charity for all."

Scarlet Fever Cases Reported On Increase

Scarlet fever cases, mainly among school children, have been on the increase in the county. Dr. Charles C. Gans, of the San Mateo County Department of Public Health and Welfare, is asking parents to cooperate in helping to control this disease. Children should be noticed for the following symptoms: sore throat, fever, nausea and vomiting and a fine rash, starting on chest and upper back. A mild case may have little fever, no vomiting and still be scarlet fever.

"Isolate the child, call in your physician. It is important to call the doctor early, when the rash is in its beginning stages so a right diagnosis can be made," Dr. Gans urged.

Most of the cases have been light but a light case can cause a severe case and scarlet fever can be very dangerous. Early treatment with the newer drugs often clears up this condition without the serious after effects of former years. It is important to have a doctor early, to have early and correct diagnosis and treatment to get the best results.

"Do not send the child back to school until the public health or school nurse has made her inspection and you are sure the time is right, so the disease will not spread further. Do not overlook a mild rash—it may be very significant. Should the disease go into epidemic status, it will gain in severity and it may be your child who will have to bear the brunt of crippling or even death. We are asking you to assist us in the control of this disease," Dr. Gans stated.

How About Some Scraps For Junior Red Cross?

Been making any wash dresses lately or gay print draperies or quilts?

If you have maybe you're one of the local women who'd come to the aid of the Junior Red Cross girls. They're making cushion covers for the wounded servicemen. Pretty things, they are, combining bright colors and originality of design. But the girls are running out of materials.

Any local woman who'd donate scraps for the project would be quite popular with the hard-working Junior Red Cross girls. The scraps would have to be new, of course, and suitable for cushion covers.

If you've some to donate for the project just send word to the administration building of the Jefferson School district, 344 Santa Barbara avenue, Daly City, 25, California, and someone will call for your contribution.

Air Raid Wardens To Meet Feb. 25

Senior Air Raid Wardens of Daly City will hold their regular monthly meeting, tomorrow evening, February 25, at the city hall, 75 Wellington avenue, starting at 8 o'clock. All wardens, as well as senior wardens, are urged to be present.

Chief air raid warden is Harry Melicker, who announces that among other matters to be discussed tomorrow evening there will probably be a review of the information concerning poison gas attacks.

Colma Hits 178 Per Cent Of Quota

C. C. Cattori, chairman of the Fourth War Loan drive for Colma district, reports that Colma sales of War Bonds from January 18 to February 15 inclusive amounted to $160,660, or 178 per cent of the area's quota. Sale of E bonds totaled $62,199.50; other bonds totaled $98,460.50.

Members of the Fourth War Loan committee assisting Cattori were John Ferrari, Leo Graziani, Mattrup Jensen, and Mrs. M. Pauline Brown, war finance chairman, and the following members of the women's division, Miss Jean Belli, Mrs. Alma Garibaldi, Mrs. Edith Giusti, Mrs. Theresa Langford, Mrs. Estelle Packwood, who conducted the A. W. V. S. table during banking hours for the entire drive. In addition, a group of patriotic young women maintained an A. W. V. S. bond sales booth in Lucca Ravioli company from 4 to 6 p. m. throughout the first half of the drive. They were Miss Dolores Caserza, Miss Caroline Migliore, Miss Elizabeth Newton, Miss Eleanor Nessier, Miss Bianca Ratto, and Miss Alma Simonetti.

Special mention should be given to the excellent window displays arranged for the drive by Anchor Drug store and Lucca Ravioli company. Fred Biagini, Anchor Drug, gave over one of his show windows to an attractively arranged display of photographs of more than a hundred of the Colma boys who are now in the armed forces. Thomas Stanghellini, Lucca Ravioli, placed in one of his store's large front windows, a thought-stirring military setup, displaying bombs, guns, cartridges, and a complete aviator's outfit.

The two displays are reported by the committee to have been very helpful in stimulating community interest and arousing response to necessary and recurring War bond drives.

Darlene Copeland Greatly Improved

Not only is Darlene Copeland rallying splendidly, she may be able to leave the hospital in another two weeks, according to word received early this week from her parents, Mr. and Mrs. Jay Johnson, 243 Miriam street.

Miss Copeland, a senior at Jefferson Union high school, was taken critically ill the first of this month when the artery over her heart collapsed. Fellow students at the high school responded with donations of blood to make all the transfusions she needed available, a fact which is credited with making possible her recovery.

More than 75 student blood donors helped in the crisis and Mr. and Mrs. Johnson have publicly expressed their deep appreciation to the school and to the young people who responded so generously.

Chairman Tozzi Reviews Situation On Gasoline

Monsignor Egisto Tozzi, chairman of Board 83-12-3 of the Office of Price Administration, located at South San Francisco, today warned C book holders, farmers and other essential users that the question of whether they will continue to get gasoline without difficulty is "in a large degree up to themselves."

"The Pacific coast has been using more than its quota of gasoline," Monsignor Tozzi said. "The result has been periodic gas famines. In many instances essential users, holding valid coupons, have been unable to get gasoline.

"This condition will continue, and will get increasingly worse, unless those to whom extra privileges have been granted cease the practice of giving away, or selling, coupons not needed by them.

"It would be foolhardy to claim that OPA, or any other group, could determine to the exact gallon how much an essential user should have. This has, unfortunately, resulted in the 'loose-coupon' evil.

"A motorist who gives a friend an excess three-gallon coupon may feel that he is committing no serious crime. But the fact remains that those three gallons, used for non-essential driving, will one day be denied to a man who requires the use of his vehicle in vital war work.

"The motorist who estimates his needs at 80 gallons and uses but 60 does no harm if, at the end of his rationing period, he returns the excess coupons to his board.

"But the essential driver who illegally diverts excess coupons is doing a disservice, not only to the war effort, but to the family, car operators and so-called non-preferred business men who are uncomplainingly doing without adequate supplies."

Monsignor Tozzi said that applications for supplemental allowances will hereafter be subject to greater scrutiny but that the "loose-coupon" practice is a problem to be met by the "conscience and sense-of-duty" of those gasoline users who have been given extra privileges on the grounds of essentiality.

Hold Funeral For Colleen Murphy

Colleen Marie Murphy, 2½-year-old daughter of Mr. and Mrs. Patrick Murphy, 443 Irvington street, died at Community hospital, San Mateo, after a brief illness, Tuesday, February 15.

Funeral services were held at 2 p. m., Friday, February 18, in the chapel of W. C. Lasswell and company mortuary. A blessing preceded interment in the children's plot at Holy Cross cemetery.

Survivors include the parents and nine brothers and sisters, William P. Murphy, Seattle; Mrs. A. F. Infelise, Seattle; Mrs. H. A. Rosenburg, San Francisco; Patrick M. Murphy jr., U. S. Navy; John Murphy, San Francisco, and Ruby, Jerry, Charles, and Daniel Murphy at home.

To a man who wants a start in a good craft

Ever been in a Railroad Shop or Roundhouse? Ever watched 'em tear down a locomotive and build her up? Plenty goes on. Machinists turning out parts. Boilermakers working with iron and steel. Mechanics fitting, tightening-up, doing a 100 vital jobs. Well, right here is where you come in—that is, if you sincerely want a good, sound job with a good outfit . . . if you want to learn a good craft and get ahead. Southern Pacific has a fine opening for you as a Helper in almost any craft of your choice. No experience required to start. You'll learn fast . . . work with men you'll like . . . with top-notch railroad equipment. You'll be doing a real job, learning a real craft. And helping us to keep the locos and the cars rolling. No reason why you can't learn to be a full-fledged journeyman—plenty of opportunity. And remember, you get railroad pass privileges, medical services, benefits of a fine pension plan, a job with a permanent company — and the new, higher railroad wages. By all means look into this now.

IT'S NOT always easy to find excitingly different fresh vegetables this time of year—but it *is* easy to prepare the familiar old favorites in such a way that they take on an entirely new meaning.

All that's required, really, is a dash of daring and a sprinkling of ingenuity!

Here are a few of my own favorites. Perhaps they'll suggest some of the endless variations that can be played on the theme of winter vegetables:

Mock Crab Salad—Combine equal amounts of raw peeled shredded parsnip, carrot, apple and celery. Moisten with lemon juice and mayonnaise. It's really good!

Cabbage Chop Suey — Combine 3 cups shredded cabbage, 1 cup each of sliced celery and onion. Season to taste. Fry covered in 2 tbsps. shortening for 8 minutes.

Panfried Turnips or Rutabagas—Peel and slice. Boil slices 5 minutes. Dip in flour and fry in shortening, same as potatoes.

Onion Dumplings—Add 1 cup grated onion to regular 2-cup dumpling dough. Cook on top of stew.

Raw-Fried Carrots—Fry peeled carrot circles just as you do raw-fried potatoes.

Cream of Cabbage and Potato Soup—Take equal parts of shredded cabbage and sliced or diced potatoes. Simmer until tender in water to cover. Add 3 cups milk, and season to taste. Serve piping hot!

Parsnip Patties — To each cup of mashed cooked parsnips, add one well-beaten egg. Season and drop by tablespoonfuls into hot shortening. Fry until golden brown.

Nut-Topper—Mash sweet potatoes or squash. Reheat and serve topped with chopped roasted peanuts.

Onion Pancakes—Add one cup grated onion to 2 cups prepared pancake batter (delicious with any meat, or topped with creamed meat or fish).

Turnip Puffs—To 3 cups of hot, well-seasoned, mashed turnips or rutabagas, add 2 well-beaten egg yolks. Fold in stiffly beaten egg whites. Bake in well-greased baking dish, in moderate oven (350° F.) for 30 minutes.

Glazed Parsnips—Cut cooked parsnips lengthwise. Brown in well-buttered frying pan. Sprinkle with brown sugar and turn frequently.

Baked Onion — Bake whole large onions, dry outer skins and all, on oven rack exactly like potatoes, about 45 min. in moderate oven (350° F.). Serve by breaking open and seasoning with salt, pepper and butter or margarine.

Baked Carrot—Shred peeled carrots, arrange in buttered covered casserole. Season to taste. Bake without water in moderate oven (350° F.) about 30 minutes.

Cabbage Rolls—Roll leftover meat made into hash (or fresh-ground seasoned meat) in cabbage leaves. Tie and steam about 1 hour, or until done.

"Date Conscious"? You'd Better Be--

Here is a list of those ration dates, which make calendar-watchers of all local housewives, motorists, or, in fact, anyone who wishes to eat, drive his car, or buy an occasional pair of shoes.

October 31—shoe stamp 18 (in War Ration Book One) was to have expired but OPA extends expiration date indefinitely.

November 1—Book Three "airplane" series stamp No. 1 became valid; good for one pair of shoes until further notice.

January 16—sugar stamp No. 30 in War Ration Book Four became valid and will be good for buying 5 pounds of sugar through the end of March.

January 22—A gasoline coupons became valid, good through March 21.

January 23, 1944 — brown stamps V became valid (Book Three) for meats, etc.

January 30, 1944 — brown stamps W became valid for meats, etc. (Book Three).

February 1—green stamps K, L, M, good for purchase of processed foods became valid, will be good through March 20 (Book Four).

February 6, 1944 — brown stamps X became valid (Book Three).

February 13, 1944—brown stamps Y became valid to use in purchase of meats, etc. (Book Three).

February 20, 1944—brown stamps Z became valid (Book Three).

February 20, 1944—green stamps G, H, and J (Book Four) for buying processed foods expired.

February 26—spare stamp No. 3 in Book Four is good for five points worth of pork (except lard) and all types of sausages through this date.

February 26, 1944—brown stamps V, W, and X expire.

February 27—begin use of red and blue rationing tokens for change.

February 27 — blue stamps A8, B8, C8, D8, E8 (Book Four) to be used with ration tokens come into use for processed foods.

February 27 — red stamps, A8, B8, C8 (10 point value each) in Book Four become valid, good through May 20 for meats, fats, cheese, butter.

February 29, 1944 — deadline for inspection of tires for B and C gasoline book holders.

March 12—red stamps D8, E8, F8 (Book Four) become valid for purchase of meats, oils and fats.

March 15—deadline for filing income tax returns; earlier filing is desirable.

March 20, 1944—brown stamps Y and Z (Book Three) expire.

March 20—green stamps K, L, M, Book Four, for processed foods, expire.

March 21—gasoline coupons A No. 10 expire.

March 31, 1944 — deadline for inspection of tires for A book holders.

March 31—sugar stamp No. 30 for 5 pounds of sugar expires March 31.

April 1—blue stamps F8, G8, H8, J8, K8 become valid for purchase of processed foods; good until June 20.

May 20—blue stamps A8, B8, C8, D8, E8 for processed foods (Book Four) expire.

May 20—red stamps A8, B8, C8, D8, E8, F8 for meats, oils and fats (Book Four) expire.

June 20—blue stamps F8, G8, H8, J8, K8 for processed foods Book Four) expire.

30 DAYS' NOTICE ON STAMP 18

The public will be given 30 days' notice, should it become necessary to terminate Shoe Ration Stamp 18. This announcement was made recently by OPA to "kill" scare-buying rumors that the validity period of Stamp 18 might be cancelled with only 24 hours' notice to consumers.

BROWN POINTS FOR WASTE FATS

For every pound of fat a housewife turns in to her meat dealer or other fat salvager, she receives two meat points. "But most important," Herbert M. Faust, director of WPB's Salvage division said, "within a month the fat will be transformed into war materials and on the way to the fighting fronts." He reminded housewives to save the grease from turkeys, geese, ducks, and chickens, for the manufacture of war products.

CANNING SUGAR NOW AVAILABLE

Housewives may now get 5 pounds of canning sugar by using Stamp No. 40 in War Ration Book Four, OPA has announced, and additional canning sugar later will be available on application to local boards. Stamp No. 40 will be good 13 months, through February 28, 1945.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

Hospitality Is Non-Rationed

YES, we can still be generous with our hospitality—can still have the pleasure of inviting friends for dinner—because hospitality fortunately remains a non-rationed item. To be sure, we must do just a little careful planning to stretch those ration points wisely. Time-saving menus are important, too—the kind that the war worker-homemaker-hostess can prepare easily and quickly.

For a hearty main dish—that usual menu problem—serve a meat and vegetable shortcake. Here we have used Creamed Prem and green peas on piping hot biscuits, fresh from the oven. But left-over meat of any kind can be used, or any one of the low-point table ready meats—frankfurters, too, are excellent.

Meat and Vegetable Shortcake

Make a White Sauce of:
4 tablespoons blended shortening
4 tablespoons flour
2 cups milk
¼ teaspoon salt

Add to White Sauce:
1 cup cubed cooked meat
1 cup cooked green peas
Seasonings to taste

Biscuit Recipe

2 cups sifted flour
3 teaspoons baking powder
6 tablespoons blended shortening
1 teaspoon salt
⅔ cup milk
2 tablespoons melted blended shortening

Make a biscuit dough by cutting the 6 tablespoons blended shortening into the sifted flour, baking powder and salt. Add milk, stirring quickly but thoroughly. Turn dough onto a floured board. Knead gently. Roll out about ½ inch thick. Cut into eight 3-inch rounds. Brush tops of four rounds with melted shortening and place second round on top. Bake in a hot oven (450°F.) about 15 minutes.

Separate the rounds. Cover the bottom with the meat and vegetable mixture. Place top round on and cover it generously with creamed mixture.

HEALTH REPORT

For the week ending February 5, the San Mateo County Department of Public Health and Welfare reports that **Daly City** had two cases of German measles, three of chicken pox, one of whooping cough, and five of scarlet fever.

Hillcrest Druids Entertain Officers

Hillcrest Circle No. 143, U. A. O. D. entertained Grand Arch Druidess Mary Chiama and her grand officers, Monday evening, February 14, at Masonic hall. The lovely escort team in white carried out the theme of Victory with their floor work and Victory corsages. A class of candidates was initiated by the drill team under the capable direction of Deputy and Past Grand Arch Druidess Mrs. Madeleine Fellows.

The Victory theme was also carried out in the banquet room by the decorations and refreshments. Mrs. Rose Watson was in charge of decorations and Mrs. Anna Schmidt was in charge of refreshments. Arch Druidess Mrs. Wilma Tringali presided over the meeting.

Those attending were Grand Secretary Lula Shaw, Grand Trustee Alice O'Brien, Past Grand Arch Druidess Josephine Ghilarducci, and Past Grand Arch Druidess Carrie Fisher. Members from several other circles were present.

Native Daughters Hold Anniversary Party

Members of El Carmelo Parlor No. 181, N. D. G. W., assisted in the Fourth War Loan drive at the Daly City theatre. The parlor at their last regular meeting, February 16, authorized the purchase of another War Bond, bringing the total investments in bonds near the $1,000 mark.

The thirty-fourth anniversary of the parlor was observed, Wednesday, February 16, at a banquet attended by 92 members and friends. Miss Margaret Steele was chairman of the very successful affair. Turkey, with all the trimmings, was served.

At a meeting following the dinner, Grand Outside Sentinel Mrs. Dorothy Donofrio paid tribute to the organizer of the parlor, Mrs. Pauline Quirolo and the charter members who have contributed unselfishly to the success of El Carmelo Parlor, as well as to the past presidents and the loyal Native Daughters who are responsible for the success and standing which the parlor now enjoys.

At the close of the affair, a huge birthday cake, bearing 34 candles, was lit. All present joined in singing "Happy Birthday to You" and Chairman Miss Steele cut and distributed the cake.

The members were pleased to have Mrs. Rose Sweeney, Mrs. Julia Sturla and Mrs. Margaret MacDonald, members of many years standing but who have not been in attendance at recent events, among those present.

Honored guests of the evening were: Mrs. Quirolo, organizer; Mrs. Ann Biggio, supervising deputy grand president of San Mateo county; Miss Theresa Bottari, deputy grand president to El Carmelo parlor; Mrs. Donofrio, grand outside sentinel.

President Mrs. Christine Hulme expressed her gratitude to the chairman and her excellent committee for their splendid program arrangements.

News From District Grammar Schools

AT CROCKER

Crocker "go-getter-super-salesmen and women" went over the top in the Fourth War Bond drive. Having just had the week-end to work, the students brought in a sum of $1293.75, which exceeded expectations for the size of the school. Enthusiastically they received permission to leave the grounds at lunch or recess in order to be certain to see their prospective customers. The student body and teachers are very proud of the fine patriotism and all-out efforts which Crocker puts forth in every drive.

Several children from Room 6 spent last week-end out of town visiting friends and relatives or fishing.

Among them, Norma Boscolo visited at Rutherford; Geraldine Pike went to Santa Cruz, and Leonard Gonterman enjoyed fishing at Byron Hot Springs with his father and uncle.

The pupils of Room 3 responded very well to the Fourth War Loan drive. In three days they sold $281.25 in bonds.

Last Monday the children at Crocker school were very enthusiastic over Valentine's Day. Each room had a box and valentines were given out during the last period.

AT WOODROW

Woodrow Wilson elementary school is proud to report that the pupils sold 249 war bonds during the drive.

Bond sales totaled $768.75 in Room 4 in the Fourth War Loan drive.

Jack Hines, Room 9, sold four $25 bonds during the drive.

The students of the sixth and seventh grades sold 33 bonds. Competition was held between the girls and boys. The girls won by a margin of 19 bonds.

Room 15 welcomes to Woodrow Wilson Nello Bigonigiari and Violet Page.

The high fifth and low sixth sold $1,525.55 worth of bonds and stamps in the Fourth War Loan drive.

Helen Vellis, Room 14, sold six bonds during the recent drive.

AT JEFFERSON

This past week has been unusually busy for school people all over the United States and Jefferson elementary school has had its full share of special events.

The week started off with St. Valentine's Day—the day that combines romantic interest with Yankee ingenuity in trades. Conspicuously placed in the front of every schoolroom was a gay Valentine box.

The next day, Tuesday, the last day of the Fourth War Loan drive, was set aside as "Schools at War Day." In spite of the limited time allowed the children for drumming up sales, the Jefferson elementary made a very good showing.

The birthdays of Abraham Lincoln and George Washington were also given consideration and respectful tribute during the past week in all the class rooms. In the sixth grade, audience readings of patriotic poems, stories and short plays were given in connection with reading and language lessons. The seventh grade had a particularly fine program that centered around Lincoln's famous Gettysburg speech. The class discussed with appreciation and understanding the circumstances under which the speech was prepared and delivered; the beauty and simplicity of its language and its application to present day events.

Those who read Jefferson school news last week will remember that the second and third grades had begun a new social studies unit called "The Dairy." Yesterday, the teacher told her children at the beginning of their free study period that they might draw pictures or write a story about anything they wished. Among the stories placed upon her desk at the end of the period was one written by little Emily Steinke, seven-and-a-half years old, in the high second grade.

Here it is:

THINGS WE GET MILK FROM

We get milk from cows, goats, sheep, camel and water buffaloe. Milk is good for you. It makes your teeth and bones strong. Milk is good. Milk has to be clean. If it is not clean you mite get T. B. You should drink clean milk. You have to wash the cows befour milking them.

AT JEFFERSON UNION HIGH SCHOOL

By Verna Moresco

BONDS 'N STAMPS

During the last five days of the Fourth War Loan drive all schools in Northern California participated in a drive to bring in a bond for every student enrolled in the school.

Jefferson's quota was $10,968.-.75, of which $3,184.95 was brought in, making only 29 per cent of the goal.

A total of 169 bonds was sold. The students bringing in the bonds during this drive will be given citations from the Treasury department. They are: Lena Gamba, Barbara Somers, Eugene Somers, Dolores Winter, Patricia Rowley, Bob Halliday, Tom Fazendin, Lorraine Sanders, Mary Castelan, Richard Felton, Edith Clem, Eloise Harrison, Stanley Lange, Ina Mae Sadler, Jack Ferro, Myrna Park, Ruth Basso, Eva Claus, Lois Rich, Carmela Blandini, Melvin Smedley, Theresa De Leon, La Verne Torkelson, Beverly Gregoire, Alma Becker, Roberta Romer, Elisa Paradiso, Wilma Cassasa, Irene Gabriellini, Esther Morgan, Marilyn Mosman, Virginia Nestor, Doris Richards, Norma Hagen, June Elaine Spencer, Peter Jiminez, Russell Brauer, Herb Fensin.

The total to date for the year is $70,657.60. Students must raise $4,342.40 more for their P-38.

The total during the Fourth War Loan drive was $35,360.20.

PARTY

The freshmen will be guests at a welcoming party today held in the senior room. New transfers are also welcome to attend.

The affair, sponsored by the C. S. F., will introduce the students to different school activities on the campus.

The executive board, C. S. F., and presidents of the different organizations will be present.

There will be refreshments and entertainment.

MUSIC

The Indians of Rhythm, under Howard Miguel's baton, played a very successful engagement for the soldiers' formal party at their barracks social hall, Saturday, February 12.

The evening was enjoyed by all. Many soldiers expressed amazement at the versatility of the band as they "jitter-bugged" to the torrid strains of "The Two O'-Clock Jump," "Little Brown Jug," etc. Yes, the band was really solid!

Miguel has been asked to play for another U. S. O. dance in the near future at the Daly City Masonic hall. He also plans to play again soon at the barracks.

Other planned events will be an assembly program for the new freshmen, and a dance in March.

PRACTICE

Practices are now being held for assistant yell-leaders at Jeff. Of all the participants, two boys and one girl will be selected.

Elsie Belli is head yell-leader at Jeff.

If any boy or girl wishes to try out for the position of assistant leader, see Elsie Belli.

BLOCK "J"

At the last meeting of the girls' Block "J" plans for coming events were discussed.

They plan to buy a sewing kit to be placed in the girls' gym. A small fee will be charged for the use of the kit.

G. P. A. L.

Archery and tennis finals for G. P. A. L. were to be held this week. After the finals, volleyball will be started for after school.

The girls have the gym three days a week now for volleyball and the rest of the week they have marching and dancing.

Election for G. P. A. L. officers will be held this week.

ABOUT SCHOOL

The election of class officers was held Wednesday, February 23.

Student body cards are now on sale in the morning, after school, and second lunch period. Don't forget without a student body card you can't vote next term!

The cards are purple and white with an Indian head on the cover.

Ladies Aid Society Announces Whist

Daly City whist players are invited to attend a card party to be given by Catholic Ladies Aid Society, Branch No. 59, at St. Michael's hall, 32 Broad street, Wednesday, March 1, at 2 p. m.

Committee in charge of the whist includes Mrs. Norry, Mrs. O'Connell, Mrs. Suterland, Mrs. Robbers, Mrs. Wallace, Mrs. Zacomi, and Mrs. Buckholz.

A pleasant afternoon is assured.

SUMMONS TO ESTABLISH TITLE

Action No. 36476

In the Superior Court of the State of California in and for the County of San Mateo.

CHRISTINE McCREADIE and ABRAHAM P. McCREADIE, also known as A. P. McCREADIE, Plaintiffs vs. All persons claiming any interest in, or lien upon, the real property herein described or any part thereof, Defendants.

GOLDMAN and GOLDMAN and RAYMOND H. SHONE, 420 Russ Building, San Francisco, 4, California, Attorneys for Plaintiffs.

THE PEOPLE OF THE STATE OF CALIFORNIA:

To all persons claiming any interest in, or lien upon, the real property herein described or any part thereof, defendants, greeting:

You are hereby notified to appear and answer the complaint of CHRISTINE McCREADIE and ABRAHAM P. McCREADIE, alias, plaintiffs filed with the Clerk of the above-entitled Court and City and County, within three months after the first publication of this Summons, and to set forth what interest or lien, if any, you have in or upon that certain real property or any part thereof, situated partly in the County of San Mateo and partly in the City and County of San Francisco, State of California, particularly described as follows:

COMMENCING at a point on the easterly line of Bayshore Boulevard, distant thereon 115 feet southerly from the southerly line of Sunnydale Avenue, running thence northerly along the easterly line of Bayshore Boulevard 55 feet; thence at a right angle easterly 105 feet 8 inches; thence at a right angle southerly 55 feet; and thence at a right angle westerly 105 feet 8 inches to the easterly line of Bayshore Boulevard and the point of commencement.

BEING a portion of Visitacion Rancho.

And you are hereby notified that, unless you so appear and answer, the plaintiffs will apply to the Court for the relief demanded in the complaint, to-wit: That it be adjudged that the plaintiffs are the owners of said property in fee simple absolute; that their title to said property be established and quieted; that the Court ascertain and determine all estates, rights, titles, interests and claims in and to said property, and every part thereof, whether the same be legal or equitable, present or future, vested or contingent, and whether the same consists of mortgages or liens of any description; that plaintiffs recover their costs herein and have such other and further relief as may be meet in the premises.

WITNESS my hand and the seal of this Court

Dated: February 18, 1944.

W. H. AUGUSTUS, Clerk.

Spring Term Classes Will Open, March 8

Daytime and evening classes of the spring term of University of California Extension will open on the Berkeley campus, March 8, and run concurrently with the program of the regular 16-week university term.

Both extension and regular university classes are scheduled for the same period so that students taking extension work to remove entrance deficiencies may do so without loss of time in entering the summer term of the university.

Classes scheduled in social studies include elements of economics, government, history of the United States and history of Western Europe. In mathematics, trigonometry, intermediate algebra, analytic geometry, calculus, plane geometry and algebra will be offered.

Other courses are youth and marriage today, introduction to musical literature, general psychology, public speaking, reading and study service, English composition: subject A, first year reading and composition, general geology, elementary biology and zoology.

Language courses offer elementary and beginners' French and Spanish. A course is given in engineering drawing.

Enrollments are now being taken at the University Extension building, 2441 Bancroft way, Berkeley. Telephone Ashberry 6000, local 221, for further information.

NAME SON

Carl William is the name chosen for the newly arrived son of **Mr. and Mrs. J. S. Calvin,** 81 Partridge lane. The baby was born, Sunday, February 13, in San Francisco. Mrs. Calvin is the leader of Girl Scout Troop No. 1.

Ladies Home Club Plans Whist Party

A pleasant afternoon of whist, followed by the serving of refreshments, is in store for those who attend the card party to be given by the Ladies Home club, Tuesday, February 29, at the Werner Avenue clubhouse.

The committee, which includes Mrs. Anita Degliantoni, Mrs. Fontana, and Mrs. Dennis, cordially invites the public to attend. Playing begins at 2 p. m.

Red Cross Asks For Volunteers

A request for volunteers between the ages of 21 and 50 to serve on the newly organized hospital and recreation corps at Dibble General hospital, Menlo Park, has been sent out by Mrs. Laurance I. Scott, chairman of Volunteer Special Services of the San Mateo County Red Cross chapter.

This work concerns the well being of wounded men who are far enough advanced in recovery to mingle in recreation rooms at the hospital, Mrs. Scott explained. Volunteers will play games, write letters, read aloud and provide many other forms of entertainment to the men outside of the wards. The work is not to be confused with the arts and skills program of occupational therapy, Mrs. Scott pointed out.

Pre-requisite to being a member of the corps is a four hour course, to be given at the hospital, with applications available at Red Cross Volunteer Service headquarters, 256 North El Camino, San Mateo. Volunteers are asked to serve one or two days a week from 10 a. m. to 4 p. m. Transportation to and from the hospital will be furnished by the Red Cross motor corps.

POLITICAL NEWS

1944 Calendars

Frank M. Jordan, Secretary of State and California's chief election officer, has released official copies of the consolidated election calendars for 1944.

By enactment of war-time legislation at the special session of the State Legislature and which passed both houses without a dissenting vote, the May 2 Presidential Primary and August 29 primary are consolidated and will be held on May 16. The General Election remains the same, November 7.

By reason of consolidating the two primaries, men in the armed forces will be given a better opportunity to cast absentee ballots. This will give 56 days before and after the Primary Election to have the ballots distributed and returned for counting and 76 days for the General Election.

Secretary of State Jordan pointed out California taxpayers will be saved an estimated $2,225,000 by the consolidation and that 8,610,000 man hours for clerks in conducting the election also will be saved. The consolidation will also mean the saving of 800,000 absentee ballot envelopes and almost 3,000,000 sample ballot envelopes as well as many tons of paper.

In event Congress should enact legislation in conflict with California's legislation, the federal statute would have precedent as provision for such a situation was made by the special legislative session, Jordan declared.

The first change in the new calendar brought the filing and declaration of intention to judicial offices from May 22 to 26 up to February 7 to 11.

Filing of nomination papers for presidential candidates began on February 7 and continues until March 7 instead of February 28 to March 23.

The first day for filing nomination papers, other than for presidential delegates, was February 16 and the last is March 7 instead of February 28 to March 23.

Under the new act the last day for candidates to file their affidavit as presidential delegates is March 11 instead of March 28.

Applications for absentee ballots will be accepted by the County Clerk or Registrar of Voters from April 6 to May 11 instead of April 12 to April 27.

The deadline for returns on absent voter ballots is June 1 as compared to May 8.

San Mateo County

Offices for which candidates are to be nominated at the consolidated primary election, Tuesday, March 16, 1944, include one United States senator, 23 representatives in Congress, one from each congressional district; twenty state senators, one from each odd numbered senatorial district; eighty members of the state assembly, one from each assembly district; judges of the superior court in counties where terms expire, according to the election calendar compiled by the secretary of state.

March 7 has been designated as the deadline to secure signatures of sponsors and leave nomination papers with the county clerk for filing or examination and certification.

Those seeking judicial posts were to file declaration of intention between February 7 and 11.

At the May 16 election, which combines the May presidential and August primary, San Mateo county will elect a superior judge, three supervisors, a state senator, and a state assemblyman. Incumbents are Judge Maxwell McNutt, Department No. 1 of the superior court; Supervisors John W. Poole, Thomas L. Hickey, and Alvin S. Hatch; State Senator Harry L. Parkman, and Assemblyman Harrison Call. One ballot will serve for both elections, May 16.

District Attorney Gilbert D. Ferrell has stated intention to seek the judgeship now held by McNutt.

Congressman Jack Anderson, incumbent, representing the Eighth Congressional district of which San Mateo county is a part, has filed his nomination papers in his home county of San Benito. Anderson is a candidate on both tickets and seeks election at the primary.

Telephone Co. Issues '43 Report

Details of the precedent shattering year 1943, in which telephone service was geared to meet the enormous acceleration of war activities and industrialization on the Pacific coast, are related in the annual report to shareholders of the Pacific Telephone and Telegraph company, issued, February 16, by N. R. Powley, president.

"To contribute its utmost to the winning of the war, our company's fundamental objective during the past year has been to render and to maintain a service which would meet fully the war demands of our nation," Powley stated. "Notwithstanding the shortages of critical materials and the difficulties of obtaining adequate operating personnel, we successfully met the telephone requirements of our government, the military, civilian defense and the industries vital to the war effort. The civilian demands, the highest of record, could not, of necessity, be met in full due to the imperative essential war needs and the unavailability of materials for new construction and for the manufacture of new apparatus."

The number of company owned and operated telephones passed the two and one-half million mark in July 1943, totaling at the end of the year 2,568,432. In a period of about three and one-half years, the net increase has amounted to 568,432 telephones.

Proceeding at a rapidly accelerated pace until retarded by restrictions on the use of materials, the net increase for the year was 187,002 telephones, the largest increase recorded in one year in the history of the company. There were at the end of the year 77,100 unfilled applications for main telephones and additional lines and 16,800 unfilled applications for other items.

"Toll and long distance calls increased more than 55,700,000 or 27 per cent over the previous all-time high volume of 1942. With the superimposing of large volumes of war calls upon an increased civilian usage, it was inevitable, when it was not possible to expand plant facilities, that there should be some departure from our previous high service standards. All told, however, notwithstanding the limitations with which we are necessarily confronted in this war period in the expansion of our facilities, the unavoidable service delays, while more pronounced on the longer hauls due to the concentration of traffic on certain routes, have been confined to relatively few routes when the record volume and distribution of this unprecedented traffic is considered," Powley stated.

"The public has been most sympathetic and understanding in its cooperation, service criticisms being the lowest of record," Powley said. "This deeply appreciated contribution to our company's all-out war effort has greatly aided in keeping open the recognized right-of-way for the Army, the Navy, the agencies of the government and the various industries engaged in production for military and naval purposes."

WAC Offers Many Special Jobs

The Women's Army Corps now offers special job assignments, for the first time, right here at home at the San Francisco Recruiting and Induction headquarters, 444 Market street. All women between the ages of 20 to 49 inclusive are eligible to apply.

Women may now enlist, select any one of fourteen different jobs and, upon completion of basic training at a WAC Training center, will be returned to San Francisco. They may live at home and will receive a liberal living allowance in addition to their salary, clothing and equipment.

The jobs to be filled are: chief clerk, general clerks, projectionist (motion picture), stenographers, classification specialists, stock records clerk, chauffeurs, truck drivers (light trucks), file clerks, clerk-typists, message center clerks, supply clerks, auto equipment mechanic, and canvassers for WAC recruiting.

In San Francisco the recruiting offices are at 19 Grant avenue and 444 Market street. Telephone YUkon 1932.

Cities Get Together

Daly City, Colma, and South San Francisco were well represented at a preliminary meeting held at the city hall here, Tuesday night, February 22. The session had been called to discuss the formation of a Northern San Mateo County Planning commission. A second meeting, at which actual organization and appointment of committees will take place, is scheduled for Thursday night, March 2, at South San Francisco. It is expected that San Bruno, the Coastside, Bayshore, and Brisbane will participate.

Most immediate project for the group will be the securing of an emergency hospital to serve the north end of San Mateo county, which is now without adequate protection for its residents.

Further details of the February 22 meeting will be covered in next week's Daly City Record.

Complete Plans For Leap Year Whist

Plans are complete for the Leap Year whist to be given Tuesday evening, February 29, by Daly City Unit No. 410, American Legion auxiliary at Legion hall, 474 San Diego avenue. Mrs. Ann Welsh, chairman, issues a cordial invitation for the public to attend. Playing will begin at 8:30 p. m.

On Wednesday evening, March 1, the unit will hold its regular monthly business meeting. Plans are to be formulated for the annual Legion anniversary dinner, which will be sponsored jointly with Daly City Post No. 410, American Legion.

Woodrow Arranges Whist For Today

Today at 1:30 p. m. Woodrow Wilson P. T. A. will give a whist party at 355 Woodrow street. Hostess for the occasion is Mrs. Lena Banfield and the public is invited to attend.

The executive board of the unit will meet, Tuesday, March 14, at 12:30 p. m. for a luncheon at 141 Los Banos avenue, with Mrs. Catherine Duffy and Mrs. Irene Williams as hostesses.

Name New Member For Draft Board

(Continued from Page 2)

supplying to the Army as of that date will meet at the draft office in the city hall at 2 p. m. and at 1 p. m. that day the five men who make up the Monday, February 28, quota for the Navy from the local board will hold their pre-induction meeting.

On Monday, February 21, the first large group of men sent in for pre-induction physicals from this board took their examinations. Results will be returned to the local headquarters in approximately a week.

The office force at draft board headquarters remained open on the February 22 holiday and personnel continued work on reclassifying all men under the jurisdiction of this board.

OPA Issues Deadline Reminder

Motorists with B and C supplemental gasoline rations were reminded today by the San Francisco District Office of Price Administration that February 29 is the deadline for periodic tire inspections in connection with the rubber conservation program.

Book holders are required to have their tires checked every four months, with a minimum of 60 days between examinations. Tire inspections for C motorists are required every three months with a minimum of 45 days spacing between check-ups.

A book holders have until March 31 for their current tire inspection. Only two check-ups are required a year for motorists with A books, with deadlines every six months, but at least 90 days must intervene between inspections.

OPA officials explained that service stations and garages which are qualified OPA tire inspectors have official emblems posted. Approximately 3,000 tire inspectors have been appointed throughout the 16 Northern California counties of the district with more than 800 in San Francisco alone.

Tire inspection records must be kept in the car at all times. Presentation of these records is required whenever application is made to a war price and rationing board for either gasoline or tires. If the record shows any misuse of tires, the applicant may be denied mileage rations.

AVOID WASTE ON THE LITTLE THINGS... SPEND FOR THE BIG THINGS. WAR SAVINGS BONDS

WAVES at WAR

Responsible work! This WAVE Telegrapher is receiving dispatches direct from the battle fleet. It's one of many important jobs in the WAVES open to patriotic young American women.

A thrilling moment—being sworn into the WAVES at the Navy Recruiting Station! This young woman is beginning an exciting career, serving her country in wartime. She'll receive good pay, an initial clothing allowance of $200, free meals and quarters (or $3.05 per day for subsistence when not provided by the Navy), low-cost government insurance and other "extras." The Navy needs 91,000 girls in WAVE uniforms by the end of 1944.

"Ready . . . Aim . . . Fire!" Yes, WAVES teach gunnery. Using movies of enemy planes, this girl is teaching a flier to "shoot 'em down" with a beam-of-light gun. Before there were WAVES, all such instruction was given by men. The WAVES need thousands of young women, between 20 and 36 years of age. A new booklet, "The Story of You in Navy Blue," is available at Navy Recruiting Stations, or Offices of Naval Officer Procurement.

This air-minded WAVE enjoys her work of checking the fliers in and out at an airfield. She's also gaining excellent experience for a good job in civilian life after the war.

Idle or wasted dollars are of no value to the war effort. Save by having your car troubles taken care of, before they become big and expensive. Then put your savings to work in War Bonds.

FARMERS MEAT COMPANY

MAKE IT EASY FOR YOURSELF!

Remember the days before rationing? All you needed to know was the price of meat, and whether or not you had enough money to buy what you wanted. Then came the meat shortage, and some days you stood in line for hours, only to find everything sold out when it came your turn.

Next you were given an allotment of ration stamps which had to be turned in on meat purchases. But still the dealers' supplies were short, quality was doubtful, prices went up and up, and you had to take what you could get.

But that's ALL changed now—at least, if you shop at the Farmer's Meat Company store.

For we're on a strictly "quality meat, low price, cheerful service" basis. We again offer you a wide choice in meats of the high quality upon which we built this business, and at prices competitively low. Our friendly, helpful service will do much to take the "sting" out of your food rationing problems.
